## PROTECT YOUR HOUSES

From burglars by using the Hart Burglar Proof Automatic anti Rattler Sash Lock. We warrant every lock to do as represented below or money refunded. 1st, because the window cannot fall and break the glass. 2d, because it will stop the window at any desired height to admit air from top or bottom and cannot be raised by any one from the outside, making it burglar proof.
3d, it prevents the window from rattling,
which is worth the price of the lock and
there is no other lock on the market that will do what we claim for it. Call on M. T. Slusher, agent for Lafayette county or at Frank Kriehn's Shoe Store and see it.
